Sir:

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Applicants thank the Examiner for the Notice of Allowance mailed on February 16, 2011. Without withdrawing the allowed claims from issue, Applicants submit these comments for the record.

In the Statement of Reasons for Allowance included with the Notice of Allowance, the Examiner made characterizations and assertions about the claims and the related prior art. Although Applicants agree with the Examiner's ultimate conclusion that the claims are patentable, Applicants do not necessarily agree with the Examiner's statement and the characterizations and assertions therein.

Specifically, the Examiner paraphrased portions of the allowed claims in the Examiner's statement. Applicants respectfully submit that each of the allowed claims is

patentable based on the subject matter defined by the claim language and the combination of recitations within the claims, and not just by the specific paraphrasing provided by the Examiner.

Furthermore, it is understood that the Examiner's characterizations were for purposes of referring to the prior art, and do not in any way imply that the claims are limited by words not actually present in the claims. Therefore, Applicants decline to subscribe to any statement or characterization in the Notice of Allowance and the accompanying Statement of Reasons for Allowance.

Should the Examiner disagree with the Applicants' comments on the Statement of Reasons for Allowance, the Examiner is invited to contact the undersigned to resolve such disagreement.

If there are any fees due in connection with the filing of this paper, please charge the fees to Deposit Account No. 06-0916

Respectfully submitted,
